UKSIF is the membership association for sustainable and responsible financial services. We promote responsible investment and other forms of finance that support sustainable economic development, enhance quality of life and safeguard the environment. We also seek to ensure that individual and institutional investors can reflect their values in their investments.

Institutional Asset Owner Affiliates

Affiliate status of UKSIF is open free of charge to significant institutional asset owners (charities and pension funds) that do not sell products or services, or manage their own funds, i.e. your main interest in sustainable and responsible finance is as an asset owner that does not want to formally participate in UKSIF governance as a member.

As an UKSIF Institutional Asset Owner Affiliate, you get access to selected UKSIF member benefits and are listed as an affiliate on UKSIF's website, allowing you to participate in the leading UK-based network for stakeholders in sustainable finance.
