

Researcher - Cheltenham, UK

The Role

Ethical Screening is looking for a Researcher to join our research & analysis team. We require a self-motivated person able to accurately consolidate and summarise information from a wide variety of sources. The role will involve in-depth research into publicly listed companies on ethical, ESG and sustainability themes.

This is a full time one year fixed term contract based in Cheltenham with a strong likelihood of becoming a permanent role.

Qualifications/Experience

The ideal candidate will be:

- A recent graduate with a degree relevant to responsible investment, in whole or part (via modules chosen or dissertation) for example environment, human rights, corporate governance.
- Working, or have previously worked, in a research, analytical or data gathering role, with a degree in any subject.
- Able to demonstrate relevant skills and interest in the subject matter, either via work experience or other relevant qualifications/courses (for example those looking for a career change).

All candidates must have a strong interest and motivation toward responsible investment.

A knowledge of investment and financial markets is also desirable.

Skills

- Thorough and methodical, with excellent attention to detail; an enquiring mind-set.
- Be able to work efficiently through a varied work-load, with minimal supervision.
- The ability to work as part of a team, sharing information and ideas.
- Learn quickly and be willing to contribute to other areas of our work, such as report writing and event attendance.
- The ability to remain impartial and separate personal views from those held by clients.
- Good business English for both written and oral communication.
- Competence in MS Word, Outlook and Excel.
- Knowledge of databases and experience using MS Access is desirable, but not essential.

How to apply

Send a copy of your CV with covering letter addressed to Matthew Ayres (Client Relationship & Research Manager) via e-mail to enquiries@ethicalscreening.com

In your covering letter please highlight a key area from your CV that is relevant to the role, and one ethical or social responsibility issue that is of personal interest.

Deadline: Sunday 22nd October 2017

Researcher salary range: £18,000 - £22,000 (plus pension contribution, and potential profit share)
